

INTERNATIONAL CONFERENCE

CORPORATE GOVERNANCE AND COMPANY PERFORMANCE: EXPLORING THE CHALLENGING ISSUES

LISBON, PORTUGAL, OCTOBER 26, 2017

Conference Concept

The main focus of the event is to find the links between corporate governance and firm performance under the impact of market financial instability. Economic crises usually provokes the decrease in financial performance of the companies, due to that fact the issue of corporate governance adequacy takes attention of researchers. Academics as well as practitioners try to find out the best corporate governance practices leading to improve the firm performance. Previous papers in this area have already found significant influence of bad or good corporate governance practice on the firm financial stability at the same time the new trends at the market addressed the new challenges to corporate governance.

This international conference will provide the platform for academics and practitioners from many countries of the world to analyze recent trends and upcoming challenges in corporate governance and company performance, major challenges and new horizons in further researching.
