Deadline for manuscript  
submissions:

**31 December 2020**

### Message from the Guest Editor

Dear Colleagues,

Sustainable development goals attendance demands the use of most common innovation dynamics, for example, knowledge strategies and human resources management. Thus, this Special Issue invites submissions focusing on knowledge management and human resources management as a means to reach organizational sustainability. We encourage interdisciplinary thinking; the main objective of this Special Issue is to approach the involved topics with new perspectives and methods, and to provide evidence from studies developed in original settings. Empirical papers reporting unique, systematic, innovative, and integrative research are targeted for this Special Issue. Bibliometric, systematic, and content literature review analyses are also requested. Both theoretical and empirical approaches are accepted. Submissions of empirical studies using either quantitative, qualitative, or mixed methods analyses are the most welcome.

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High visibility:** indexed by the Science Citation Index Expanded and Social Sciences Citation Index (Web of Science), as well as Scopus and other databases.

**Rapid publication:** manuscripts are peer-reviewed and a first decision provided to authors approximately 15.3 days after submission; acceptance to publication is undertaken in 4.6 days (median values for papers published in this journal in the first half of 2019).
